### **Underground Electrical Construction Project Feeder 9A Primary RFP**

**Date: May 9, 2025**  
**ADDENDUM II**

---

This addendum is to include additional documentation that was inadvertently omitted from the original RFP.

Offerors are advised that the submission of bonding requirements is **mandatory** for responsiveness. The following are required:

- Bid Bond
- Payment and Performance bond commitment letter

The payment and performance bond commitment letter must include a written guarantee from the surety that will provide the required bond upon contract award and execution. The letter must clearly state the surety's commitment to issue both the Payment Bond and the Performance Bond in the full amount as specified by the RFP.

Failure to submit the required documents will result in the proposal being deemed **non-responsive**.
