

**VIRGIN ISLANDS WATER AND POWER AUTHORITY
(VIWAPA)**

PR-21-21

“ON-SITE ENVIRONMENTAL, INC.”

**DEMOLITION AND FIREWATER PUMP HOUSE CONSTRUCTION
AT RANDOLPH HARLEY POWER PLANT**

Clarification I

Date: JULY 20, 2021

Clarification to Offeror:

1. The evaluation committee is unable to find your executed “Questionnaire” for both Component 1 – Demolition of IDE Foundations and Concrete and Component #2 – Demolition of Tank #10. Can you provide the executed “Questionnaire” for both Component 1 and Component2?
2. As the evaluation committee is unable to find your executed “Questionnaire”, the evaluation committee is unable ascertain your intentions to sublet any parts of the work for Component 1 – Demolition of IDE Foundations and Concrete and Component #2 – Demolition of Tank #10. Can you clarify if any parts of the work will be sublet and details of the sublet work for both Component 1 and Component 2?

3. In Component 1 – Demolition of IDE Foundations and Concrete on the Proposal Form the written proposal cost in words “Three Hundred Twenty-nine Thousand Two Hundred Dollars w/ 00 cents” differs to the written total in numbers “\$326,200”. Can you clarify the total for Component 1?
4. In Component 2 – Demolition of Tank #10 on the Proposal Form the written proposal cost in words “Three Hundred Twenty-four Thousand Five Hundred Dollars w/ 00 cents” differs to the written total in numbers “\$320,000”. Can you clarify the total for Component 2?
