WD-P6.2 Design Master, Electrical

00 - Common information					
List	Power Plants grouping & coding of processes & signals		DBAE937375	-	A0/
Guideline	General guidelines for electrical installation work		DBAE937366	-	A0/
01 - Engine					
Wiring diagram	Engine wiring diagram W9L32 LFO			-	A3/32
Specification	Engine protections W9L32 LFO			-	A4/2
Description	Safety and Protection Features in Engine Control System -			-	A4/3
02 - Generator					
01 - Mechanical drawings					
Drawing	Removing of rotor drawing			-	A2/1
Drawing	Sleeve bearing N-end dimensional drawing			-	A2/1
Drawing	Sleeve bearing D-end dimensional drawing			-	A2/1
Drawing	ET-Dimensions			-	A2/1
Drawing	Cross sectional drawing			-	A2/1
Drawing	Transport and hoist trapaulin			-	A2/1
Drawing	Rotor drawing			-	A2/1
Drawing	Main dimensional drawing			-	A2/1
Drawing	Removing of transport locking			-	A3/1
02 - Electrical drawings					
Drawing	AVR1020 Dimensional drawing			-	A3/1
Circuit diagram	AVR1020 Circuit diagram			-	A2/1
Drawing	Terminal box for capasitor and lightning arrester			-	A2/1
Drawing	Anticondensation heater connection cable mounting			-	A2/1
Drawing	Exitier rotor with diode bridge			-	A3/1
Drawing	Layout of connection			-	A2/1
Drawing	Terminal box for accessories			-	A2/1
Wiring diagram	BAG0_1 Main connection diagram			-	A2/1
03 - Manual					
04 - Technical specification					
	Technical specification of generator				
03 - Control system					
Description	Control system description - Oil Plants (update)			-	A4/20
01 - Drawings & Lists					
Dimensional drawing	Server rack panel			-	A4/
Layout drawing	Genset control panel CFC011			-	A4/46
Layout drawing	Automation lay-out with communication protocols			-	A4/1
Layout drawing	Common control panel CFA901			-	A4/47
Layout drawing	Local genset control panel CFE011			-	A4/31
Layout drawing	Automation lay-out			-	A3/4
Description	LV System functional description			-	A3/1
Description	Synchronizing			-	A4/1
Description	Power Plant Sequence			-	A4/15
02 - Manuals					
03 - Specification & reports					
04 - Medium voltage switchgear					
01 - Drawings & Lists					
Calculation	Relay Seting Calculation - MV System			-	A4/30
Drawing	Preliminary MV SWG Drawings			-	A3/69
Drawing	Typical symbols used in SLD's			-	A3/1
Calculation	Short Circuit Calculation - Report - MV and LV System			-	A4/12
Calculation	Short Circuit Calculation - Appendix - MV and LV System			-	A3/14
Calculation	Preliminary CT Sizing Calculation - MV System			-	A4/19
Specification	Principal Protection Scheme			-	A3/8
02 - Manuals					
05 - System grounding					
Dimensional drawing	Neutral grounding resistor, Dimensional drawings			-	A3/1
06 - Low voltage switchgear					
01 - Drawings & Lists					
Drawing package	BFA901 MAIN LV Switchboard			-	A3/1
Single line diagram	LV-Single Line Diagram			-	A3/6
02 - Consumer list					
List	LV Consumer list			-	A4/
05 - Manuals					
07 - Auxiliary systems					
3 - Engine auxiliary module					
Layout drawing	Auxiliary control panel BJA0_1			-	A4/51
3.1 - Fuel system					
Drawing	LFO feeder unit panel - BJL901				A4/xx
3.2 - Lube oil system					
3.3 - Compressed air system					
	Instrument Air Compressor unit - TCC901				
3.4 - Cooling system					
Drawing	Radiator VFD panel			-	A4/8
Drawing	Radiator panel BLP01x			-	A4/12
3.5 - Intake air system					
Wiring diagram	Charge air filter local control panel			-	A4/12
3.6 - Exhaust gas system					
3.7 - Sludge system					

- 3.8 - Water supply system
- 4. - Heat recovery system
- 5. - Emission control system
- 6. - Fire fighting system

08 - Auxiliary transformers

Wiring diagram	Station transformer wiring diagram	-	A3/1
Layout drawing	Station transformer nameplate	-	A4/1
Dimensional drawing	Station transformer dimensions	-	A3/1

09 - DC system

01 - Drawings & Lists			
Layout drawing	125VDC battery rack	-	A4/1
Single line diagram	Single line diagram BEY901	-	A4/1
Assembly drawing	General assembly drawing BEY901	-	A4/1
Circuit diagram	Circuit Diagram BEY901	-	A4/12
Specification	DC Consumer list	-	A4/2

02 - Manuals

10 - Plant electrification

01 - Earthing

01 - Below 0-level			
Report	Grounding Calculation - Electrical	-	A4/55
Specification	UNDERGROUND ELECTRICAL INSTALLATION SPECIFICATION - Underground Installation	-	A4/
Layout drawing	GROUNDING PLAN - SITE	-	A0/1

02 - Above 0-level

Layout drawing	Grounding plan - Site	-	A1/1
Layout drawing	Engine Hall	-	A1/1
Layout drawing	Control Room	-	A1/1
Layout drawing	MV and LV Room	-	A1/1

02 - Lightning protection

03 - Cables & Raceways

Layout drawing	Site	-	A1/1
Layout drawing	Engine Hall	-	A1/1
Layout drawing	Control Room	-	A1/1
Layout drawing	MV and LV Room	-	A1/1

01 - Conduits

Layout drawing	Site	-	A1/1
Layout drawing	Engine Hall	-	A1/1

02 - Ladders

Layout drawing	Site - Location Of Electrical Equipments	-	A0/1
Layout drawing	Engine Hall - Location Of Electrical Equipments	-	A1/1
Layout drawing	Control Building - Location Of Electrical Equipments	-	A2/1
3D view	Site-1 - Cable Ladders	-	A1/1
3D view	Utility Block - Cable Ladders	-	A1/1
3D view	Radiator Area - Cable Ladders	-	A1/1
3D view	Engine Hall - Cable Ladders	-	A2/1
Layout drawing	Site - Cable Ladders	-	A2/
Layout drawing	Radiator Area - Cable Ladder	-	A2/
Layout drawing	Power Details - Electrical	-	A0/
Layout drawing	Power Details - Conduits	-	A1/

03 - Cables

04 - Lighting

01 - Layouts, lists & Panels

02 - Emergency & Exit lighting

05 - Office IT

01 - Telephone & Data system

02 - CCTV system

03 - Master clock

06 - HVAC

07 - Fire detection

09 - Trace heating

10 - PA system

11 BATTERY ENERGY STORAGE SYSTEM
